No.110/Est/I HRDD

Dated: 05/08/2010

NOTIFICATION

Pursuance to clause (h) of sub-section (2) of section 29 of Right of Children to Free and Compulsory Education Act, 2009 and with a view to develop holistic profile of the learner without reflecting any negative remarks, the school based assessment scheme at elementary and secondary level was introduced in few schools of Sikkim in the year 2000, by using the Assessment cum Report Card developed by Central Board of Secondary Education. The National Curricular Framework, 2005 and the Position paper on Examination Reforms of 2006 brought out by NCERT has recommended School Based Assessment by replacing the existing external examinations. Hence, the CBSE has adopted to Continuous and Comprehensive Evaluation (CCE) Scheme from 2009-10 academic session at the secondary level which includes both pedagogic and co-pedagogic areas of learner's growth with particular emphasis on learner's life skills, attitudes and values, sports and games as well as co-scholastic activities. CCE scheme adopted by the CBSE envisages that every learners is to be evaluated over the entire academic session through continuous assessment schedule rather than one time three hours external (final year) examination at the end of a course. CCE scheme refers to a system of school based assessment that covers all aspects of students' development.

Therefore, having comprehended its benefits and with a view to achieve Quality Education, the State Government has decided to extend CCE scheme to elementary level as well by providing necessary flexibility to incorporate any changes suited to local environment in the assessment card (used by CBSE at Secondary level) with immediate effect.

By order.

**R. TELANG, IAS
Secretary to the Govt. of Sikkim,
